BILA HAMAVET

ומחה ה׳ אלקים
דמעה מעל כל פנים

בלע המות לנצח

ומחה ה׳ אלקים
No more tears no more crying
ומחה ה׳ אלקים
דמעה מעל כל פנים

ומחה ה׳ אלקים
Soon there’ll be no more crying
ומחה ה׳ אלקים
דמעה מעל כל פנים

בלע המות לנצח

ומלאה הארץ דעה את ה׳
כמים לים מכסים

BAAL SHEM TOV

Uplift the fallen
Feel the pain of the broken
And his love we'll shine again
R' Yisroel Baal Shem

As an orphan he sat amongst the trees
His name Yisroel, is what he would be
In the night, the dark, the cold, he found a flame
Soon he would be the master of the good name

When our hearts turned cold cuz no one cared
It's been raining sadness for so many years
But through the dark clouds one man saw higher
From his holy wagon he set our hearts on fire

And he would
Uplift the fallen
Feel the pain of the broken
And his love we'll find again
R' Yisroel Baal Shem

Uplift the fallen
Feel the pain of the broken
And his love we'll shine again
R' Yisroel Baal Shem

Wellsprings of water to dry desert land
He would help all the people to understand
Your soul is pure it burns with holy desire
But you need to find the love to feed the fire

So we will
Uplift the fallen
Feel the pain of the broken
And his love we'll find again
R' Yisroel Baal Shem

Uplift the fallen
Feel the pain of the broken
And his love we'll shine again
R' Yisroel Baal Shem

Heiligeh Baal Shem Tov
Heiligeh Baal Shem Tov
We'll love them all the same
Master of the good name (2X)

Uplift the fallen
Feel the pain of the broken
And his love we'll find again
R' Yisroel Baal Shem

Uplift the fallen
Feel the pain of the broken
And his love we'll find again
And his love we'll shine again
The holy R' Yisroel Baal Shem Tov.

INVEI HAGEFEN

Raise another glass
Hand in hand we dance
The future is here
A gift from the past

Best in life is here
Can see it everywhere
The smiles oh so bright
As we celebrate tonight

These are the moments we're waiting for
These are the moments we're living for

Invei hagefen, the story of our joy
Invei hagefen, when life is so much more
We drink the wine of joy
That brings us through the tears of our tomorrow

Invei hagefen, a story to unfold
Invei hagefen, as the blessing overflows
We drink the wine of joy
That brings us through the tears of our tomorrow
Lichaim tovim u'lishalom

Raise another glass
It's going all so fast
To the left to the right
We won't forget this night

Circle spinning round
Dancing in the crowd
The future is here
Never felt so proud

These are the moments…

Bridge:
Like a vineyard
The growing never ends
Just like a vineyard
With love and care we tend
To the wine of joy
That brings us through the tears
of our tomorrow

Invei hagefen…

ROAD TO HEAVEN

I see you crying
And feeling so low
You're trying to get to heaven
But it's going so slow
Feels like you're so far
And you don't belong
But I spoke to heaven
And they say you're wrong

Cuz there's a long road to heaven
But heaven is so close
The road's there just to give you time
Time to let go
When you do
And it's not about you
That's the moment when
Heaven finds you

When you stop chasing
That elusive sound
Suddenly, your voice is found
You can't keep running
Running round and round
You can only reach the heavens
With your feet on the ground

Cuz it's a long road to heaven
But heaven is so close
The road is only there to give you time
Time to let go
When you do
And it's not about you
That's the moment when
Heaven finds you

There's a long road to heaven
But heaven is so close
The road is there just to give you time
Time to let go
When you do
It's not about you
That's the moment when
Heaven finds you
